 oh oh ohooooh come to me I sang for thee

Look at me

See me

Graze on me

My eyes are like the morning star

Shining bright cow eyes

Dazzling is the look from my lovely eyes

Honey Sweet is the taste of my pouting lips

Neck Upright ample breasts

Nipples neku-fruit redder than jasper

Sair like unto neshmet-stone¹

Arms surpassing the sycamore

Fingers like lotus stalks

Thighs Heavy like the besbes-tree

Waist to fit the bull-of-its-mothers arm band

Breasts two love apples ripe and succulent

Buttocks tight like two pomegranates

With graceful steps I dance upon the ground

Sitra and rattles beat out the palpitating sound

Breasts do jiggle hips do wiggle

*Come brother come brother find me in this
 worlds immensity*
